Title Secretary and Chief Financial Officer

Sportsman's Warehouse Holdings, Inc. Announces First Quarter 2023 Financial Results

Five new stores opened so far this year On track to open 10 additional stores during the remainder of fiscal year 2023, as previously announced

WEST JORDAN, Utah, May 30, 2023--Sportsman's Warehouse Holdings, Inc. ("Sportsman's Warehouse" or the "Company")(Nasdaq: SPWH) today announced financial results for the thirteen weeks ended April 29, 2023.

"Our results for the first quarter were impacted by tough macroeconomic conditions, extreme snow levels and unusually wet weather in the Western United States," said Joseph Schneider, interim CEO and Chair of the Board. "Despite these challenges, the investments we made in our strategic initiatives, specifically e-commerce and customer engagement, have strengthened the business and we remain positive about our medium-to-long term outlook and our ability to capture additional share of the outdoor sporting goods market."

"A primary focus of the Board continues to be finding a permanent, long-term CEO to lead Sportsman's Warehouse. We are working expeditiously to find the right person to lead this company and create value for our stockholders. That search process is moving forward and I'm optimistic that we will find a strong leader to take Sportsman's Warehouse to the next level of growth."

For the thirteen weeks ended April 29, 2023:

- Net sales were \$267.5 million, compared to \$309.5 million in the first quarter of fiscal year 2022. The net sales decrease was primarily due to lower sales demand from weather-related headwinds in the Western United States leading to decreased outdoor participation, consumer inflationary pressures and recession concerns, partially offset by the opening of 11 new stores since April 30, 2022.
- Same store sales decreased 17.8% during the first quarter of fiscal year 2023, compared to the first quarter of fiscal year 2022.
- Gross profit was \$80.0 million, or 29.9% of net sales, compared to \$99.1 million, or 32.0% of net sales, in the corresponding period of fiscal year 2022. This decrease as a percentage of net sales was primarily driven by changes in product mix and reduced product margins in our ammunition category.
- Selling, general, and administrative (SG&A) expenses were \$99.0 million, or 37.0% of net sales, compared to \$96.1 million, or 31.0% of net sales, in the first quarter of fiscal year 2022. The increase, as a percentage of net sales, was largely due to increases in rent, depreciation and new store pre-opening expenses, primarily related to the opening of 11 new stores since April 30, 2022. These increases were partially offset by a decrease in other operating, and payroll expenses, driven by lower marketing expenses and increased operational efficiencies across our retail stores.
- Net loss was \$(15.6) million, compared to net income of \$2.0 million in the first quarter of fiscal year 2022. Adjusted net loss was \$(14.8) million compared to adjusted net income of \$2.2 million in the first quarter of fiscal year 2022 (see "GAAP and Non-GAAP Financial Measures").

- Adjusted EBITDA was \$(5.6) million, compared to \$12.9 million in the corresponding prior-year period (see "GAAP and Non-GAAP Financial Measures").
- Diluted loss per share was \$(0.42) compared to a diluted earnings per share of \$0.05 in the corresponding prior-year period. Adjusted diluted loss per share was \$(0.39) compared to adjusted diluted earnings per share of \$0.05 in the first quarter of fiscal year 2022 (see "GAAP and Non-GAAP Financial Measures").

Balance sheet and capital allocation highlights as of April 29, 2023:

- The Company ended the quarter with net debt of \$147.3 million, comprised of \$3.0 million of cash and cash equivalents and \$150.3 million of borrowings outstanding under the Company's revolving credit facility. Inventory at the end of the first quarter was \$469.5 million.
- Total liquidity was \$153.5 million as of the end of the first quarter of fiscal year 2023, comprised of \$150.5 million of availability on the revolving credit facility and \$3.0 million of cash and cash equivalents.
- During the first quarter of fiscal year 2023, the Company repurchased approximately one hundred thousand shares of its common stock in the open market, returning \$0.7 million to stockholders. As of the end of the first quarter of fiscal year 2023, the Company had approximately \$9.6 million of remaining capacity under its authorized repurchase program.

Second Quarter Fiscal Year 2023 Outlook:

For the second quarter of fiscal year 2023, net sales are expected to be in the range of \$310 million to \$340 million, anticipating that same store sales will be down 17% to 9% year-over-year. Adjusted diluted earnings per share for the second quarter are expected to be in the range of \$0.02 to \$0.15.

Jeff White, Chief Financial Officer of Sportsman's Warehouse, said, "Sales from our typical spring fishing, camping and shooting seasons were significantly impacted in the quarter due to the persistent consumer inflationary pressures and the excessively wet and cold weather in the Western United States, where a large portion of our stores are located. These pressures on the business have continued into the second quarter. In response, we are currently implementing a company-wide plan to reduce expenses, with increased focus on financial discipline and rigor throughout the organization. We remain on track to open 15 new stores during fiscal year 2023 and further penetrate our e-commerce business, which continues to achieve positive year-over-year results. While we believe we are well positioned to meet the needs of our customers, it's critical that we carefully navigate the current macroeconomic headwinds."

Conference Call Information:

A conference call to discuss first quarter 2023 financial results is scheduled for May 30, 2023, at 5:00PM Eastern Time. The conference call will be held via webcast and may be accessed via the Investor Relations section of the Company's website at www.sportsmans.com.

Non-GAAP Financial Measures

This press release includes the following financial measures defined as non-GAAP financial measures by the Securities and Exchange Commission (the "SEC") and that are not calculated in accordance with U.S. generally accepted accounting principles ("GAAP"): adjusted net (loss) income, adjusted diluted (loss) earnings per share and Adjusted EBITDA. The Company defines adjusted net (loss) income as net (loss) income plus expenses incurred relating to director and officer transition costs and recognized tax benefits, as applicable. Net (loss) income is the most comparable GAAP financial measure to adjusted net (loss) income. The Company

defines adjusted diluted (loss) earnings per share as adjusted net (loss) income divided by diluted weighted average shares outstanding. Diluted (loss) earnings per share is the most comparable GAAP financial measure to adjusted diluted (loss) earnings per share. The Company defines Adjusted EBITDA as net (loss) income plus interest expense, income tax (benefit) expense, depreciation and amortization, stockbased compensation expense, pre-opening expenses and director and officer transition costs. Net (loss) income is the most comparable GAAP financial measure to adjusted EBITDA. Adjusted EBITDA excludes pre-opening expenses because the Company does not believe these expenses are indicative of the underlying operating performance of its stores. The amount and timing of pre-opening expenses are dependent on, among other things, the size of new stores opened and the number of new stores opened during any given period. The Company has reconciled these non-GAAP financial measures to the most directly comparable GAAP financial measures under "GAAP and Non-GAAP Financial Measures" in this release. The Company believes that these non-GAAP financial measures not only provide its management with comparable financial data for internal financial analysis but also provide meaningful supplemental information to investors and are frequently used by analysts, investors and other interested parties in the evaluation of companies in the Company's industry. Specifically, these non-GAAP financial measures allow investors to better understand the performance of the Company's business and facilitate a more meaningful comparison of its diluted (loss) earnings per share and actual results on a period-over-period basis. The Company has provided this information as a means to evaluate the results of its ongoing operations, and as additional measurement tools for purposes of business decision-making, including evaluating store performance, developing budgets and managing expenditures. Other companies in the Company's industry may calculate these items differently than the Company does. Each of these measures is not a measure of performance under GAAP and should not be considered as a substitute for the most directly comparable financial measures prepared in accordance with GAAP. Non-GAAP financial measures have limitations as analytical tools, and investors should not consider them in isolation or as a substitute for analysis of the Company's results as reported under GAAP. The Company's management believes that these non-GAAP financial measures allow investors to evaluate the Company's operating performance and compare its results of operations from period to period on a consistent basis by excluding items that management does not believe are indicative of the Company's core operating performance. The presentation of such measures, which may include adjustments to exclude unusual or non-recurring items, should not be construed as an inference that the Company's future results, cash flows or leverage will be unaffected by other unusual or non-recurring

Forward-Looking Statements

This press release includes forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995 as contained in Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. Forward-looking statements in this release include, but are not limited to, statements regarding: our plans to reduce expenses; open ten additional stores during fiscal year 2023 and further penetrate our ecommerce business; our ability to capture additional share of the outdoor sporting goods market; our belief that we will find a strong leader to take Sportsman's Warehouse to the next level of growth and our guidance for the second quarter of fiscal year 2023. Investors can identify these statements by the fact that they use words such as "aim," "anticipate," "assume," "believe," "can have," "could," "due," "estimate," "expect," "goal," "intend," "likely," "may," "objective," "plan," "positioned," "potential," "predict," "should," "target," "will," "would" and similar terms and phrases. These forward-looking statements are based on current expectations, estimates, forecasts and projections about our business and the industry in which we operate and our management's beliefs and assumptions. We derive many of our forward-looking statements from our own operating budgets and forecasts, which are based upon many detailed assumptions. While we believe that our assumptions are reasonable, we caution that predicting the impact of known factors is very difficult, and we cannot anticipate all factors that could affect our actual results. The Company cannot assure investors that future developments affecting the Company will be those that it has anticipated. Actual results may differ materially from these expectations due to many factors including, but not limited to: current and future government regulations relating to the sale of firearms and ammunition, which may impact the supply and demand for the Company's products and ability to conduct its

business; the Company's retail-based business model; general economic, market and other conditions and changes in consumer spending; macroeconomic factors, such as political trends, social unrest, inflationary pressures, and recessionary trends; the Company's concentration of stores in the Western United States and related weather conditions; competition in the outdoor activities and specialty retail market; changes in consumer demands; the Company's expansion into new markets and planned growth; the impact of COVID-19 on the Company's operations; and other factors that are set forth in the Company's filings with the SEC, including under the caption "Risk Factors" in the Company's Form 10-K for the fiscal year ended January 28, 2023 which was filed with the SEC on April 13, 2023, and the Company's other public filings made with the SEC and available at www.sec.gov. If one or more of these risks or uncertainties materialize, or if any of the Company's assumptions prove incorrect, the Company's actual results may vary in material respects from those projected in these forward-looking statements. Any forward-looking statement made by the Company in this release speaks only as of the date on which the Company makes it. Factors or events that could cause the Company's actual results to differ may emerge from time to time, and it is not possible for the Company to predict all of them. The Company undertakes no obligation to publicly update any forward-looking statement, whether as a result of new information, future developments or otherwise, except as may be required by any applicable securities laws.

About Sportsman's Warehouse Holdings, Inc.

Sportsman's Warehouse Holdings, Inc. is an outdoor specialty retailer focused on meeting the needs of the seasoned outdoor veteran, the first-time participant, and everyone in between. We provide outstanding gear and exceptional service to inspire outdoor memories.

Pre-opening expenses (2)		2,256		951	
Director and officer transition costs (3)		1,113		222	

(1) Stock-based compensation expense represents non-cash expenses related to equity instruments granted to employees under the Sportsman's Warehouse Holdings, Inc. 2019 Performance Incentive Plan and the Sportsman's Warehouse Holdings, Inc. Employee Stock Purchase Plan.

Adjusted EBITDA

- (2) Pre-opening expenses include expenses incurred in the preparation and opening of a new store location, such as payroll, travel and supplies, but do not include the cost of the initial inventory or capital expenditures required to open a location.
- (3) Expenses incurred relating to departure of directors and officers and the recruitment of directors and key members of our senior management team. For the 13 weeks ended April 29, 2023, we incurred \$1.1 million in expenses for employee retention bonuses after the retirement of our Chief Executive Officer, Jon Barker, in April 2023, the engagement of a search firm to identify director candidates and candidates for Chief Executive Officer, and fees paid to a communications firm related to our recent board and management changes.
